

EXTRACT OF MINUTES OF MEETING 97, SEPTEMBER 17, 1947

700193

5. Recruitment of Director of Biology and Medical Research

Mr. Wilson reported on the recent meeting of the Medical Advisory Board. He presented to the Commission the Board's recommendations for the post of Director of Biology and Medical Research and emphasized the urgency of this appointment. The Commission authorized him to obtain a Director from those recommended by the Advisory Board.

EXTRACT OF MINUTES OF MEETING 100, SEPTEMBER 24, 1947

5. Recruitment of Director of Biology and Medical Research

Mr. Wilson reported that of the five nominees of the Medical Advisory Board for the post of Director of Biology and Medical Research, only Dr. Shields Warren has had previous experience in the type of activities to be undertaken by the Division. After discussion, the Commission authorized the General Manager to offer the appointment to Dr. Warren. It was agreed that the Military Liaison Committee should be notified of this decision.
